

## FINAL PROJECT STYLE GUIDE

### *description of each component*

The header- this is the name of my company, sport feed hub.

Navigation bar- the home, our company, blogs, news and contact are links to navigate the website.

Main- the front page is essentially an about me of the company and its mission.

Footer -this is my name and a copyright.

### colors

Background- white

Alternate background- picture

Header- black

Footer- grey

Links-white

Main body paragraph and borders- black

navigation bar- black

### Typography

Sans-serif font (Arial family) with a Roboto font for accents.

### *Functionality*

The images in the body of the website increase when you hover over them and when clicked on takes you to a different webpage.

- The image on the left redirects you to a blog page which requires users to login to upload sport blogs.
- The image in the right redirects you to a live news feed page which was made using a news api.
